## Delaware Board of Trade

Ideanomics acquired the Delaware Board of Trade (DBOT) earlier this year. Since that time, DBOT management and the Ideanomics team have worked tirelessly to restore DBOT ATS as a premier marketplace for small cap companies seeking liquidity and for international public firms to access U.S. investors. In December, we launched the redesigned website - and that's just the beginning. Over the coming quarters, DBOT will

be rolling out with new products and features. To view the redesigned website, please visit [www.dbotats.com](http://www.dbotats.com). To stay up to date with future DBOT updates, sign up for the DBOT newsletter [HERE](#).
